Re: Ex Parte Presentation: Automatic Vehicle Monitoring
Systems: PR Docket No. 93-61

Dear Mr. Caton:

This letter provides notification pursuant to Section 1.1206 of the Commission's Rules that G. Russell Mortenson, Chief Executive Officer of AMTECH Corporation, Richard E. Wiley of Wiley, Rein & Fielding, and I met with Ralph A. Haller, Chief of the Commission's Private Radio Bureau today. The topics of discussion included background information concerning AMTECH Corporation, issues raised in the Commission's Notice of Proposed Rulemaking in the above-referenced matter, and positions taken in AMTECH's June 29, 1993 comments on the Notice of Proposed Rulemaking. Transparencies were used describing band plans proposed by AMTECH in response to that put forth in the Notice of Proposed Rulemaking. Attached are two charts incorporating the information presented on those transparencies.

An original and two copies of this letter and attachments are being filed with the Commission for inclusion in the record.

Should there be any questions concerning this matter, please communicate with the undersigned.

Very truly yours,

David E. Hilliard
Attorney for AMTECH Corporation
